GARAGE DOOR OPENERS

Integrated with
OHD **ANYWHERE**[®]

Model 8130H

Model 8130

Quiet yet powerful performance and the ultimate in convenience

- Design flexibility: Choose to have your opener with or without integrated Wi-Fi; also choose between a belt or chain to suit your preference
- Powerful: 140V DC motor operates almost any door
- Quiet and smooth: Ideal for room adjacent garages that demand minimal noise

The Genuine. The Original.

Standard features

DC motor technology

Our most powerful residential motor delivers 140V quietly.

CodeDodger® access security system

The latest in CodeDodger® technology that selects a code from billions of combinations each time a remote or wireless keypad are used. Prevents piracy of the radio signal for the utmost in security.

Speed

Maximum opening speed of up to 9 inches per second.
(+/-0.5 inches per second. Speed will slow with one-piece doors).

Quiet operation

Belt or chain drive provide smooth and quiet operation, perfect for room adjacent garages that demand minimal noise. Belt drive offers the ultimate in quiet.

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

DoorDetect™ monitoring and diagnostic system

Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam® system

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

Two-bulb light system with motion detection

Two 100 Watt bulb lighting system with integrated motion detector provides convenience and security. Optional Overhead Door® LED bulb recommended.

Compatible with both HomeLink® and Car2U® systems

Model 8130H

Smart garage door openers integrated with OHD Anywhere®

Remotely monitor and control your sectional garage door from almost anywhere with your smart device.* OHD Anywhere® is compatible with most iOS and Android mobile devices.

Features include:

- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere® app
- Time-based features allow you to schedule door operation
- Maintains access history report for each opener
- The OHD Anywhere® app allows control of multiple OHD Anywhere® Wi-Fi integrated garage door openers

* OHD Anywhere® is designed for sectional garage doors only and should not be used on one-piece garage doors.

California Residents:

This opener has the option to add Battery Backup. **As required by California State Law SB-969, all newly installed openers must have battery backup as of 07/01/2019.** To order this opener with battery backup, refer to Model 9120H-B. For more information visit overheaddoor.com or ask your Overhead Door™ Distributor.
